## The Ballard House A Cinco Charities Communities

### Information from the website:

Cinco Charities, Inc. was birthed with the mission to provide temporary housing for patients and their caregivers coming to the Katy/West Houston area medical facilities for treatment of life-threatening illnesses.

For several years, while working toward their ultimate goal to build a hospital hospitality house for guests which would be free of charge to patients going through treatment and open to patients of any age, Cinco Charities continued housing families in nearby hotels. This was accomplished because of the generosity of sponsors and friends of Cinco Charities who attended the fundraising events and supported the mission wholeheartedly.
