

### Established in 1974...

The Reverend Dr. Lawrence Johnson's vision took shape at Memorial Drive Presbyterian Church, Houston, Texas. Faced with an overflow of requests from churches around the world, he developed a volunteer Lay Chaplain ministry to meet the critical need for spiritual care, prayer and housing for patients and their families traveling to the Texas Medical Center (TMC) for groundbreaking healthcare. Pastor Larry trained five volunteer Lay Chaplains, placed them in the first five TMC hospitals and a great Guild was birthed!

### 50 years later...

PRAYERS OF THE PEOPLE (POP) continues with its #1 focus! The POP Lay Chaplains are specially trained to provide spiritual care consults, illuminating the presence of God while bringing comfort as patients cope with health challenges, crises, stages of disease and end of life. To-date, POP Lay Chaplains may be found serving in an additional fifty-four hospitals, nurturing patients' faith and soulful languages as they seek hope in the journey. By God's grace and your sustaining support, POP has expanded beyond Texas into six states and five countries.
