Deep in the heart of

TEXAS

Founded in Houston in 1974, PRAYERS OF THE PEOPLE (POP) provides compassionate spiritual care in healthcare settings through specially trained volunteer Lay Chaplains. Serving patients and caregivers facing a myriad of illness, crises, isolation, even end-of-life; POP equips volunteers to hear and carefully convey that the patients' tearful cries, anger, existential wrestlings, even deep joy—expressing ranges of human realities—are heard and held by Our Magnificent Creator! Last year alone, POP Lay Chaplains conducted approximately 44,000 spiritual care consults in cities worldwide and will continue its impact with innovative programs such as MUSIC OF THE SOUL ~ RHYTHMS FOR HEALING Training Modules.

Renowned soprano Renée Fleming reflects, “Rhythm is the basis of language and movement as we develop. I can still recall the cover art of my favorite album from childhood. As I played the record repeatedly, my brain was already creating its own meaning through listening and imagination.” Years later, Fleming writes with a profound fondness for letters she received from listeners who credited her recordings with helping them navigate illness and great loss. [Music & Mind, 2024]

The new MUSIC OF THE SOUL ~ RHYTHMS FOR HEALING Training Modules honor the late Laurie Fitzpatrick, a POP Lay Chaplain who often shared music within her many years providing spiritual care consults with patients while serving at Memorial Hermann, TMC. Your support helps advance Fleming's and Fitzpatrick's transforming wisdom. The POP Lay Chaplains Guild delivers personalized Spiritual Care for holistic healing outcomes. Christ's Sacred Heart relentlessly meeting every acuity of patients' sacred sufferings.

Join us as we hear many rhythmic and vocal languages lift and heal our souls!
